EXPERIENCE: NATURE RELAX: MIND HEAL: BODY

A cosy village farm stay near Pratapgarh, UP
that enlivens your soul while soothing your body.

OUR STORY

At Prakriti Nilayam, every wall, tree, and pathway carries the memory of generations. This isn't just a homestay—it's the ancestral home where our family has lived for over three generations. Our forefathers studied here, dreamed here, and built lives rooted in the strong values of village life—simplicity, trust, and deep respect for the land. These values continue to shape the spirit of this place.

For us, Prakriti Nilayam is our motherland, a space filled with memories and meaning. We want to open that world to our guests, not just as a destination, but as an experience of living in harmony with nature.

Sustainability is at the heart of what we do. From solar-powered utilities to organic farming and minimal plastic use, we believe in treading lightly while living fully.

EXPERIENCES

ROOMS

We have 3 rooms with a maximum capacity of accommodating 9 people. This is a perfect getaway for a family or a group of friends, or couples who truly appreciate sustainable home-style living.

All rooms have air-conditioning and are primarily run on solar power. These rooms offer an ideal blend of privacy and comfort while not closing down opportunities to interact with fellow residents.

DINING

भोजन में भात होए,
घी से मुलाकात होए,
दहीं बुरों साथ होए,
दार अरहर की।

और कुछ साग होए,
चटनी की लाग होए,
फूली फूली रोटियाँ,
परोसी जाएँ घर की।

- कवि गोपालप्रसाद व्यास

True to the essence of this poem, we serve healthy Vegetarian Indian food fresh from our in-house kitchen.

We offer options for Satvic and Jain-friendly dishes from our kitchen. For Non-vegetarian options, we can arrange food from outside if needed.

EXPERIENCES

FARMSTAY

Understanding how farming works in theory and experiencing it in practice are both out of reach for the majority of our urban populace. However, at Prakriti Nilayam, FarmStay is true to its essence. Meet those who grow your food and understand what it takes.

See for yourself how sustainable rural farming works and, better still, participate in it. From feeding and milking the cows to harvesting papayas, from tilling the land to thrashing the grain; see it, do it, feel it, experience it. True farm stay!

PACKAGES

Thanks to our location, nestled peacefully yet close to some of India's most revered spiritual cities, Prakriti Nilayam is a perfect base for day trips to Ayodhya, Varanasi, and Prayagraj.

We're happy to organise everything—from travel to temple visits—so you can focus on the experience, not the logistics. If you'd like, we'll also pack nourishing meals from our own kitchen to take along. Start your day with devotion and discovery, and return by evening to the quiet comfort and warmth of our farmstay—refreshed in spirit and body.
